

CLAIM AMENDMENTS

Claims A-H (canceled)

Claim 1 (new): A tilted U-shaped device having two arms and a base formed from a channel of plastic, which channel exteriorly covered with a layer of padding to protect the forearm from dirt and injury,

said device adapted to fit over the edge of a table for use by bingo and other game players.

Claim 2 (new): The device of claim 1, wherein the plastic is acrylic and the padding is neoprene.

Claim 8 (new): The device of claim 1, wherein the open corners of the device on the ends of the arms are chamfered.

Claim 4 (new): The device of claim 1, wherein the opening at the front of the U is narrower than the opening at the base of the U to provide a friction fit over the table edge.

Claim 3 (new): A tilted U-shaped device formed of acrylic plastic channel about eight inches long, covered over on the exterior by a layer of neoprene padding, and having a pair of arms and a base, which is adapted to fit over a table edge with the table fitting within the opening of the channel.

Claim 6 (new): The device of claim 5, wherein the opening at the front of the U channel is less than the width of the opening between the two arms.
